Digital Solutions For Modern Learning

Communispond digital

Digital Solutions for Modern Learning

Communispond has been the leader in communications training since 1969. As an industry leader, we understand that technology is shifting the way people learn. That is why we created *Communispond Digital*, a patent-pending digital learning platform that extends and enhances our award-winning curriculum. *Communispond Digital* supports digital learning methods, encourages online collaboration, gives students lifetime access to course material and a Communispond coach, and so much more.

Communispond Digital raises the bar by providing the tools to help your employees reach their professional goals and drive business results. *Communispond Digital* is a ready-to-go solution that includes preinstalled tiles that complement Communispond's communication and sales curriculum.

Ask a question. Get informed.

Stay informed. Learn.

Reinforce. Succeed. Accomplish.

Extend and Enhance Your Learning

A modern, tile-based,
digital learning platform

Training solutions that go
beyond the classroom, catering
to different learning styles

Lifetime access to course
content: anytime, anywhere,
on any device

NEW! Lifetime access to a
Communispond coach for questions
about the skills learned in class

Communispond Digital gives students lifetime access to digital content including:

Resources – Electronic course content you can open any time, on any device, including a participant workbook and tips card.

Collaborate – This tile can be customized to direct to your company's LinkedIn account or a specific LinkedIn group. By default, it links to Communispond's LinkedIn page to keep students informed of communication news.

Twitter – This tile can be customized to direct to your company's Twitter account. By default, it links to Communispond's Twitter page to keep students informed of the latest communication tips.

LearnTO – Short video tutorials that enhance and extend the learning experience.

Checklist – On-the-job mastery checklist accessible through the web and mobile.

ProSpeak® – A free, interactive application that provides users with feedback on presentation and communication skills.

Preprogram Assignment – Directions for what to do to prepare for the program and what to bring to the program.

Certificate – A tile for graduates to print a certificate of completion and sign up to receive a digital badge that can be added to the graduate's social media profile and email signature.

NEW! Ask a Communispond Coach – Access to a Communispond coach for questions about the skills learned in class.

Newsletter – Customizable component, otherwise links to the opportunity to sign up for Communispond's communication and sales newsletters.

Blog – Customizable component, otherwise links to Communispond's blog to keep students informed of the latest communication tips.

Whitepapers – Directs to Communispond's whitepapers.

Webinars – Directs to Communispond's webinars on a wide range of communication topics.

In the News – A compilation of news articles providing communication tips.

Communispond.com – Customizable component to direct to a webpage of your choosing. Otherwise, links to Communispond's homepage.
